## **ANTIMONY TOWN LANDFILL APPROVAL**

Antimony Town has applied for a solid waste permit to construct and operate a Class IVb landfill located approximately ½ mile east of Antimony Town. The landfill may accept for disposal only nonhazardous construction/demolition waste, yard waste, inert waste, dead animals, and waste tires.

The Division of Solid and Hazardous Waste reviewed the permit application, determined it to be complete, and a draft permit was prepared. A 30-day public comment period was initiated and ended April 1, 2005. No comments were received and no changes to the draft permit were required. Accordingly, the permit was granted on May 3, 2005. The permit and application can be viewed on the web at [www.hazardouswaste.utah.gov/swpermittedfacilities.htm](http://www.hazardouswaste.utah.gov/swpermittedfacilities.htm) and are available for public review during normal business hours at the following location:

Division of Solid and Hazardous Waste  
Utah Department of Environmental Quality  
288 North 1460 West, 4th Floor  
Salt Lake City, Utah
